In the Showcase

The ArtSlant Prize is a Showcase Series designed to exhibit and promote talented artists from around the world. The Showcase has six rounds per year, and in each round artists may enter one image and compete for different stages of winning status. The reviews include international gallerists, curators and other arts professionals. At the end of our yearly Showcase cycle, the top three winning artists receive an exhibition in a top art city or art fair, cash prizes, and the possibility of having their work purchased for the ArtSlant Emerging Collection.
