Barbara's work is based upon the spontaneity and the strength of the instinctive, an approach generous in impastos and rhythmical traces. Barbara Stacher, born in Vienna in 1967, graduated in economics and international relations. From her early life on, she dedicates herself to painting and sculpture and has been pursuing formal art education inter alia by the Art Academies of Ixelles and Etterbeek as well as private ateliers and has exhibited her work in different places (in Brussels, Salle Allende-ULB and Espace Art Gallery). *Barbara Stacher : www.babsta.eu*Giatroi tou Kosmou :<http://mdmgreece.gr>/*O Allos Anthropos : <http://oallosanthropos.blogspot.be/>
